## **COMPANY PROFILE:**

We, the team at **Alphadent International** welcome you and thank you for giving a couple of moments of your precious time in going through these few scribbled words.

We are in the field of manufacturing since 60s and to be accurate, it was 1952. Our grandfather floated this business and now we are the heirs of his traditions. We understand the steel like our kith and kin and we shape the steel to save the humanity.

We are involved in the manufacturing of **Top Quality Surgical, Dental and Beauty Instruments**. **Surgical instruments** including all types of Operation Theatre instruments of Orthopedic, Ophthalmology, Gynecology, Cardiovascular, ENT, Dental Surgery, General Surgery, Dental Oral Surgery, and Orthodontic Surgery etc...

We manufacture instruments in a highly **Quality Control Environment** and use most modern **machines** under the supervision of highly qualified professionals. We also have a fully equipped **Quality Research Lab**. to control the quality of instruments at each and every step.

### **Laser Marking System**

We have bought this system from Schilling Marking Systems, Germany. It will give you a better idea about what sophisticated technology we use, and how much we are advanced in producing instruments.

### **Laser Brazing & Welding System**

This system is used in the production of Hollow Handle, and it ensures the 100% leakage control. This is a very sophisticated technology, and enhances the quality of the instruments.

### **Induction Heating System**

TC Needle Holders, TC Orthopedic Pliers and Wire Cutters are manufactured and refined using this most modern and sophisticated technology.
